[Approved by Governor June 29, 2020. Filed with Secretary of State June 29, 2020.]

LEGISLATIVE COUNSEL'S DIGEST

SB 116, Committee on Budget and Fiscal Review. Postsecondary education trailer bill.

(1) Existing law, the Ortiz-Pacheco-Poochigian-Vasconcellos Cal Grant Program, establishes the Cal Grant A and B Entitlement Awards, the California Community College Transfer Entitlement Awards, the Competitive Cal Grant A and B Awards, the Cal Grant C Awards, and the Cal Grant T Awards under the administration of the Student Aid Commission, and establishes eligibility requirements for awards under these programs for participating students attending qualifying institutions. Existing law specifies the amounts of the maximum Cal Grant A and B awards for students attending private nonprofit postsecondary institutions of higher education and private for-profit postsecondary educational institutions that are regionally accredited, as specified. For the 2020-21 award year, the maximum tuition award is either \$9,084 or \$8,056, as provided.

This bill instead would set the maximum Cal Grant A and B awards for students attending an independent institution of higher education at \$9,084 for the 2020-21 award year.

(2) Existing law also requires that a person, other than a nonimmigrant alien, as defined, who has attended high school in California for 3 or more years, who has graduated from a California high school or attained the equivalent thereof, who has registered at or attends an accredited institution of higher education in California not earlier than the fall semester or quarter of the 2001-02 academic year, and who, if the person is an alien without lawful immigration status, has filed a prescribed affidavit, is exempt from paying nonresident tuition at the California Community Colleges and the California State University.

Existing law, known as the California Dream Act of 2011, provides that a student attending the California State University, the California Community Colleges, or the University of California who is exempt from paying nonresident tuition under the provision described above is eligible to receive a scholarship derived from nonstate funds received, for the purpose of scholarships, by the public postsecondary educational segment that the student attends.

Existing law establishes the California Dreamer Service Incentive Grant Program under the administration of the Student Aid Commission. Existing law establishes the eligibility requirements for students participating in the program, including submission of a California Dream Act application to the commission and meeting all of the requirements for an exemption from paying nonresident tuition as described above.

This bill would suspend operation of the California Dreamer Service Incentive Grant Program for the 2019-20 and 2020-21 fiscal years, and would redirect local assistance funds available for the program for these fiscal years to provide disaster relief emergency student financial aid to students at the University of California, the California State University, and the California Community Colleges with identified financial need who meet all of the requirements for an exemption from paying nonresident tuition as described above, and apply for student financial aid, as provided.

(3) Existing law establishes the Student Aid Commission as the primary state agency for the administration of state-authorized student financial aid programs available to students attending all segments of postsecondary education. Existing law establishes the Golden State Teacher Grant Program under the administration of the commission to provide one-time grants of \$20,000 to each student enrolled in an approved teacher credentialing program who commits to working in a high-need field at a priority school for 4 years after the student receives a preliminary teaching credential, as provided, and subject to moneys appropriated by the Legislature for purposes of the program. Existing law requires a grant recipient to agree to repay the grant to the state in specified circumstances. The Budget Act of 2019 appropriates \$89,750,000 to fund the program that is available for encumbrance or expenditure until June 30, 2020. The Budget Act of 2020 appropriates specified moneys to fund the program that is available for encumbrance until June 30, 2021.

This bill would authorize grants for the Golden State Teacher Grant Program in an amount less than \$20,000. The bill would extend the availability of funds appropriated for purposes of the program in the Budget Act of 2020 to June 30, 2023, and would specify program implementation criteria for which those funds may be expended, thereby making an appropriation. The bill would authorize the commission to adopt regulations necessary for the implementation of this program.

(4) Under existing law, the Middle Class Scholarship Program provides that an undergraduate student enrolled at the University of California or the California State University, or enrolled in upper division coursework in a community college baccalaureate program, and meeting certain requirements, is eligible for a scholarship award that, combined with other federal, state, and institutionally administered grants and fee waivers, totals up to 40% of the systemwide tuition and fees.

Existing law transfers \$99,938,000 from the General Fund to the Middle Class Scholarship Fund for the 2017-18 fiscal year, \$107,037,000 from the General Fund to the Middle Class Scholarship Fund for the 2018-19 fiscal year, \$110,248,000 from the General Fund to the Middle Class Scholarship Fund for the 2019-20 fiscal year, and \$117,000,000 from the General Fund to the Middle Class Scholarship Fund for the 2020-21 fiscal year and each fiscal year thereafter, and appropriates those sums to the Student Aid Commission for purposes of the scholarship program.

This bill would decrease the appropriation for the 2018-19 fiscal year from \$107,037,000 to \$104,345,000, and would increase the appropriation for the 2019-20 fiscal year from \$110,248,000 to \$117,000,000.

(5) Existing law establishes the California Community Colleges, under the administration of the Board of Governors of the California Community Colleges, as one of the segments of public postsecondary education in this state. Existing law establishes the Student Equity and Achievement Program for the purpose of advancing the systemwide goal of boosting achievement for all students with an emphasis on eliminating achievement gaps for traditionally underrepresented groups through specified actions. Existing law requires a community college district to comply with certain requirements as a condition of the receipt of funds for purposes of the program and authorizes the Chancellor of the California Community Colleges to designate a percentage of funds allocated for the program for related administrative operations, as specified.

Existing law requires, to receive a certain funding incentive, the governing board of participating community college districts to designate as a "hunger free campus" each of its respective campuses that meet specified criteria, including an on-campus food pantry or regular food distributions on campus.

Existing law requires the California Community Colleges to designate a Dreamer Resource Liaison on each of their respective campuses to assist certain students, including undocumented students, by streamlining access to all available financial aid, social services, state-funded immigration legal services, internships, externships, and academic opportunities for those students.

This bill would require a community college district, as a condition of the receipt of funds for purposes of the Student Equity and Achievement Program, to also support, or establish, on-campus food pantries or regular food distributions.

(6) Existing law establishes community college districts throughout the state, authorizes the districts to provide instruction at the community college campuses they operate and maintain, and provides apportionments of state funds to the districts. Existing law requires the Board of Governors of the California Community Colleges to adopt regulations providing for the payment of apportionments to districts on a specified schedule.

This bill, notwithstanding the provisions referenced above, would adjust the payment of apportionments to community college districts commencing with the 2020-21 fiscal year to defer \$1,453,243,000 of those payments in accordance with a designated schedule. The bill would appropriate that amount to the board of governors, in accordance with a specified provision of the Budget Act of 2020, for apportionments to community college districts for expenditure in the fiscal year in which the payments are disbursed. The bill, pursuant to a specified provision of the Budget Act of 2020, would authorize the Director of Finance to reduce the amounts of these deferrals if the director determines that there are sufficient federal funds provided to the state for that purpose for the 2020-21 fiscal year, as specified.

The bill would authorize up to \$30,000,000 of the amounts deferred commencing with the 2020-21 fiscal year to instead be drawn in

specified months of the prior fiscal year for community college districts that certify to the Office of the Chancellor of the California Community Colleges and to the Director of Finance that they will be unable to meet their financial obligations for any of the months of February, March, April, May, or June, as provided. If the total amount requested by community college districts pursuant to this provision exceeds \$30,000,000 for any of the applicable months, the bill would authorize additional payments not to exceed \$60,000,000 for any of the deferral months, as specified.

The bill would also require the Department of Finance, in collaboration with the Office of the Chancellor of the California Community Colleges, to annually report specified information about these deferral payments to the Joint Legislative Budget Committee.

(7) Existing law establishes the California Community Colleges, under the administration of the Board of Governors of the California Community Colleges, as one of the segments of public postsecondary education in this state. The California Community Colleges system comprises 73 community college districts and 115 campuses throughout the state.

Existing law requires the expenditure, during each fiscal year, for the payment of salaries of classroom instructors by a community college district, of 50% of the district's current expense of education. Existing law defines "current expense of education" as the gross total expended for certain expenses that include academic salaries, classified salaries, employee benefits, and books, supplies, and equipment replacement, but that generally exclude expenses for student transportation, food services, and community services.

This bill, for purposes of computing the expenditure requirements pursuant to the provision described above, would require a community college district to exclude from that computation any expenditures incurred by that district during a state or local declared emergency related to the COVID-19 pandemic that are not otherwise normal expenditures that would have been incurred by that district. The bill would make its provisions inoperative on July 1, 2021, and would repeal them on January 1, 2022. To the extent that this bill would require community college districts to revise the process of computing their current expense of education, it would impose a state-mandated local program.

(8) Existing law establishes community college districts throughout the state, and authorizes these districts to provide instruction at the community college campuses they operate and maintain. Existing law provides for a formula for the calculation of general purpose apportionments of state funds to community colleges. Existing law provides for base allocations of state funds to be made to community college districts on a full-time equivalent student basis, in amounts differing according to fiscal year, and specified for certain community college districts.

Existing law, for the 2019-20 fiscal year, would set the marginal funding rates for the base allocation, supplemental allocation, and student success allocation to align with the total computational revenue computed by the Department of Finance for community college apportionments, and would allocate the revenue in specified percentages to those components. Existing law establishes hold harmless provisions to ensure a minimum level of funding to community college districts for the fiscal years 2018-19 to 2021-22, inclusive, as provided, and includes provisions to allocate different apportionments to the San Francisco Community College District and the Compton Community College District through the 2023-24 fiscal year.

This bill instead, for the 2019-20 fiscal year, would set the marginal funding rates for the base allocation, supplemental allocation, and student success allocation at specified amounts. The bill would provide a specified cost-of-living adjustment for purposes of these provisions, provide for certain adjustments in calculating the base allocation, supplemental allocation, and student success allocation for the 2020-21 fiscal year, and extend for 2 additional fiscal years the hold harmless provisions and the specified apportionments for the San Francisco Community College District and the Compton Community College District described above.

(9) Existing law establishes the Strong Workforce Program, which, among other things, provides funding to career technical education regional consortia made up of community college districts and local educational agencies, as specified. Existing law requires the apportionments for community colleges under the Strong Workforce Program to fund regionally prioritized projects and programs that meet the needs of local and regional economies.

This bill would encourage community college districts to expedite the development of targeted credit or noncredit short-term workforce training programs, as provided. The bill would specify that the regionally prioritized projects and programs funded with the Strong Workforce Program's community college apportionments include short-term workforce training programs.

(10) Existing law establishes the California State University, under the administration of the Trustees of the California State University, and the University of California, under the administration of the Regents of the University of California, as 2 of the segments of postsecondary education in this state.

This bill would require that funding provided to either of these segments in the annual budget act to provide summer term financial aid to any student who is eligible for state financial aid and who is a California resident, as specified, would be suspended on December 31, 2021, unless a designated condition exists relating to estimated state General Fund revenues and expenditures for the 2021-22 and 2022-23 fiscal years. The bill would express the intent of the Legislature to consider alternative solutions to restore the summer term financial aid if this suspension takes effect.

(11) Existing law provides for the establishment and maintenance by the Regents of the University of California, with the approval of the Concurrence Committee, of 9 specified subject matter projects, including the mathematics, science, writing, and reading and literature projects. Existing law requests the Regents of the University of California to establish and maintain cooperative endeavors designed to, among other things, provide teachers with instructional strategies for delivering career-oriented, integrated academic and technical content in

a manner that is linked to high priority industry sectors, as provided.

This bill would add, to the cooperative endeavors requested from the Regents of the University of California, cooperative endeavors designed to address learning loss in mathematics, science, and English, language arts due to the COVID-19 pandemic. The bill would require the Concurrence Committee to provide a report on addressing learning loss due to the COVID-19 pandemic in the mathematics, science, writing, and reading and literature projects to the Governor and to appropriate policy and fiscal committees of the Legislature on or before January 1, 2024, including specified information, compiled for a 3-year period.

(12) Existing law creates the Public Employees' Retirement System, the management and control of which is vested in the Board of Administration of the Public Employees' Retirement System.

Existing law, the State Employees' Dental Care Act, authorizes the state, through the Department of Human Resources, the Trustees of the California State University, or the Regents of the University of California, to contract with carriers for dental care plans for employees, annuitants, and eligible family members. Existing law requires the Board of Administration of the Public Employees' Retirement System to assist the California State University upon request by providing annuitant names and addresses to the California State University solely for the purpose of notifying those annuitants of eligibility for enrollment in a dental care plan offered by the California State University.

This bill would instead require the board to assist the California State University upon request by providing retiree names and addresses to the California State University solely for the purpose of notifying retirees of eligibility for enrollment in a dental care plan.

(13) Existing law, the California State University Annuitant Vision Care Program, requires the California State University to administer a vision care program for all participating annuitants. Existing law requires the board to assist the California State University upon request by providing annuitant names and addresses to the California State University solely for the purpose of notifying those annuitants of eligibility for enrollment in a vision plan offered by the California State University.

This bill would instead require the board to assist the California State University upon request by providing retiree names for the purpose of notifying retirees of eligibility for enrollment in a vision care plan.

(14) The Budget Act of 2019 made appropriations for the support of state government for the 2019-20 fiscal year.

This bill would amend the Budget Act of 2019 by amending an item of appropriation to reduce an appropriation for support of the University of California, payable from the Breast Cancer Resources Account, Breast Cancer Fund, as specified.

(15) Existing law establishes the California Community Colleges, under the administration of the Board of Governors of the California Community Colleges, as one of the segments of public postsecondary education in this state. Existing law requires the board of governors to appoint a chief executive officer, to be known as the Chancellor of the California Community Colleges. Existing law establishes community college districts throughout the state and authorizes them to operate campuses and provide instruction.

This bill would appropriate \$66,255,000 from the General Fund to the board of governors to allocate to community college districts for specified purposes. The bill would require the Office of the Chancellor of the California Community Colleges to submit a report on the use of these funds on or before December 1, 2023.

(16) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

(17) This bill would declare that it is to take effect immediately as a bill providing for appropriations related to the Budget Bill.

(A) Be enrolled in or have successfully completed a teacher preparation program approved by the Commission on Teacher Credentialing.

(3) For purposes of this section, "emergency-type permits" include, but not are limited to, any of the following:

(A) Provisional internships.

(B) Short-term staff permits.

(C) Credential waivers.

(D) Substitute permits.

(g) The commission may adopt regulations necessary for the implementation of this program.

SEC. 4. Section 70023 of the Education Code is amended to read:

70023. (a) For each academic year, the commission shall determine an amount sufficient, when combined with other federal, state, or institutionally administered student grants or fee waivers received by eligible students from other sources, to provide scholarships to eligible students in the amounts described in paragraphs (2) and (3) of subdivision (a) of Section 70022. The University of California, the California State University, and the Office of the Chancellor of the California Community Colleges shall provide the commission with any financial aid data that are necessary for the determination of these amounts.

(b) The commission shall annually determine if the amounts appropriated under this section in each fiscal year are sufficient to cover the costs of the scholarships as projected to be awarded pursuant to the program. If those amounts are not sufficient for this purpose, the scholarships shall be reduced proportionately by an equal percentage for all recipients of scholarships under this article.

(c) The commission may adopt regulations necessary to carry out the purposes of this article under subdivision (b) as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. Notwithstanding subdivision (e) of Section 11346.1 of the Government Code, any regulation adopted pursuant to this section shall not remain in effect more than 180 days unless the commission complies with all provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, as required by subdivision (e) of Section 11346.1 of the Government Code.

(d) The unencumbered balance, as of June 30 of each fiscal year, of the amount appropriated from the Middle Class Scholarship Fund pursuant to paragraph (1) of subdivision (e) shall revert to the General Fund.

(e) (1) Upon order of the Director of Finance, the following amounts shall be transferred from the General Fund to the Middle Class Scholarship Fund, and are hereby appropriated to the commission for allocation pursuant to this article:

(A) For the 2014-15 fiscal year, one hundred seven million dollars (\$107,000,000).

(B) For the 2015-16 fiscal year, eighty-two million dollars (\$82,000,000).

(F) For the 2019-20 fiscal year, and for each fiscal year thereafter, one hundred seventeen million dollars (\$117,000,000).

(2) An annual appropriation to the commission is hereby established in the amounts and for the fiscal years described in paragraph (1) to carry out the purposes of this section and Section 70022.

(3) It is the intent of the Legislature that any savings realized from changes made to the allocations under this subdivision by a bill providing for appropriations related to the Budget Bill for the 2015-16 fiscal year shall be used to support higher education.

(4) The funds transferred and appropriated pursuant to paragraph (1) shall only be available for encumbrance in the fiscal year in which they are transferred, and the General Fund shall have no liability or any obligation beyond the transfers explicitly authorized in paragraph (1) unless a subsequent transfer or allocation is required pursuant to statute.

In making the determination that cash is sufficient to make additional payments, in whole or in part, the Controller, Treasurer, and Director of Finance shall consider costs for state government, the scope of any identified cash shortage, timing, achievability, legislative direction, and the impact and hardship imposed on potentially affected programs, entities, and related public services. The Department of Finance shall notify the Joint Legislative Budget Committee within 10 days of this determination and identify the total amount of requests that will be paid.

(2) It is the intent of the Legislature in enacting this section to adopt a formula for general purpose apportionments that encourages access for underrepresented students, provides additional funding in recognition of the need to provide additional support for low-income students, rewards colleges' progress on improving student success metrics, and improves overall equity and predictability so that community college districts may more readily plan and implement instruction and programs.

(3) It is the intent of the Legislature to determine the amounts appropriated for purposes of this section through the annual Budget Act. This section shall not be construed as limiting the authority of either the Governor to propose, or the Legislature to approve, appropriations for the California Community Colleges programs or purposes.

(b) (1) Commencing with the 2018-19 fiscal year, and each fiscal year thereafter, the chancellor's office shall annually calculate a base allocation, a supplemental allocation, and a student success allocation for each community college district in the state pursuant to this section. (A) Each community college district shall receive a basic allocation based on the number of colleges and comprehensive centers in the community college district that is consistent with the basic allocation formula established by the board of governors pursuant to paragraph (2) of subdivision (d) of Section 84750.5 as of the 2015-16 fiscal year.

(B) Unless otherwise specified in subparagraph (C), each community college district shall receive an allocation based on credit base revenues associated with funded FTES as computed pursuant to subparagraph (A) of paragraph (2) at the rate pursuant to subdivision (c).

(C) Notwithstanding the rate in subdivision (c), for community college districts that had higher rates used to calculate their 2017-18 general purpose apportionments, the following rates shall be used to calculate their base allocations:

(A) Commencing with the 2018-19 fiscal year, the chancellor's office shall compute the sum of annually funded credit FTES from the current year, the prior year, and the year prior to the prior year, and divide the sum by three.

(D) Community college districts are entitled to the restoration of any reductions in their base allocation due to decreases in FTES during the three years following the initial year of decrease if there is a subsequent increase in FTES.

(E) For the calculation of the three-year rolling average for the base allocation for the 2020-21 fiscal year, the sum of funded credit FTES for the 2019-20 fiscal year, as adjusted for shifts in summer enrollment between fiscal years, may be used in place of funded credit FTES for the 2020-21 fiscal year.

(3) In addition to the amounts computed pursuant to paragraphs (1) and (2), each community college district shall receive an allocation based on credit base revenues associated with funded FTES generated by students who meet the requirements of subdivision (a) of Section 84810.5 and special admit students pursuant to Sections 76002, 76003, and 76004. FTES generated by students who meet the requirements of subdivision (a) of Section 84810.5 and special admit students pursuant to Sections 76002, 76003, and 76004 shall be multiplied by a community college district's applicable credit revenue rate computed for the 2017-18 fiscal year pursuant to Section 84750.5, as that section read on January 1, 2018, as adjusted for 2018-19 fiscal year cost-of-living adjustment and other base adjustments, and adjusted for the changes in the cost-of-living and other base adjustments in subsequent annual budget acts.

(4) The chancellor shall allocate any funding appropriated in the Budget Act for enrollment growth to support the following:

(A) First, for the stated percentage of enrollment growth in the Budget Act and consistent with the growth formula used by the board of governors in the 2015-16 fiscal year.

(C) Third, for the amount of uncapped growth attributable to increases in the amount of a community college district's student success allocation.

(e) Commencing with the 2018-19 fiscal year, a supplemental allocation shall be computed for each community college district based on the total points calculated for each community college district in accordance with all of the following:

(1) The marginal funding rate per point for computing a supplemental allocation shall be as follows:

(A) For the 2018-19 fiscal year, nine hundred nineteen dollars (\$919).

(B) For the 2019-20 fiscal year, nine hundred forty-eight dollars (\$948).

(C) (i) Commencing with the 2020-21 fiscal year, the rate specified in subparagraph (B) adjusted for changes in the cost-of-living adjustment and other base adjustments in subsequent annual budget acts.

(ii) For the calculation of the supplemental allocation for the 2020-21 fiscal year, data from the 2018-19 fiscal year, for purposes of paragraphs (2), (3), and (4), may be used in place of data from the 2019-20 fiscal year.

(2) Each community college district shall be granted one point for each student who is a recipient of financial aid under the Federal Pell Grant program (20 U.S.C. Sec. 1070a) based on headcount data of students in the prior year.

(6) It is the intent of the Legislature that the annual Budget Act fully fund increases in the supplemental allocations computed under this section.

(f) Commencing with the 2018-19 fiscal year, a student success allocation shall be computed for each community college district based on the total points calculated for each community college district in accordance with all of the following:

(1) (A) (i) The marginal funding rate per point for computing student success allocation revenue shall be as follows:

(I) For the 2018-19 fiscal year, four hundred forty dollars (\$440).

(II) For the 2019-20 fiscal year, five hundred fifty-nine dollars (\$559).

(III) Commencing with the 2020-21 fiscal year, the rate specified in subclause (II) adjusted for changes in the cost-of-living adjustment and other base adjustments in subsequent annual budget acts.

(ii) (I) Commencing with the 2019-20 fiscal year, to calculate the student success allocation for each community college district, the chancellor's office shall calculate a three-year rolling average for each metric described in this paragraph. To compute the three-year

average for each metric, the chancellor's office shall compute the sum of data for that metric from the prior year, the year prior to the prior year, and the year prior to the year prior to the prior year, and divide the sum by three.

(II) For the calculation of the three-year rolling average for the student success allocation for the 2020-21 fiscal year, data from the 2018-19 fiscal year, for purposes of subparagraphs (B), (C), (D), (E), and (F), may be used in place of data from the 2019-20 fiscal year.

(B) Each community college district shall be granted, for each student, points for one of the following, with the community college district receiving points based on the outcome that would generate the highest number of points and with the points counted only if the student was enrolled in the community college district in the academic year in which the award was granted:

(i) Three points for each chancellor's office approved associate degree or approved baccalaureate degree granted, excluding an associate degree for transfer granted pursuant to Article 3 (commencing with Section 66745) of Chapter 9.2 of Part 40 of Division 5, based on the three-year rolling average for this metric calculated pursuant to clause (ii) of subparagraph (A).

(ii) The chancellor's office may reduce a community college district's transfer points if a community college district enters into, or expands, a transfer partnership with a private for-profit college that has not demonstrated a track record of providing its students with a baccalaureate degree that leads to a majority of the private for-profit college's baccalaureate degree program students obtaining a regional living wage within one year of completing their degree program.

(iii) The chancellor's office may reduce a community college district's transfer points if a community college district enters into, or expands, a transfer partnership with a private for-profit college that does not meet the qualifications to offer its students federal financial aid.

(iv) (I) For the 2018-19 fiscal year, the data for this metric shall be compiled using publicly available data on transfer students to in-state private and out-of-state institutions, based upon the definition of transfer students reflected in the Transfer Volume to In-State Private and Out-of-State Baccalaureate Granting Institutions Report from the community college management information system as of January 1, 2019, publicly reported transfer data from the California State University, and publicly reported transfer data from the University of California.

(ii) (I) Commencing with the 2019-20 fiscal year, to calculate the equity component of the student success allocation for each community college district, the chancellor's office shall calculate a three-year rolling average for each metric described in this paragraph. To compute the three-year average for each metric, the chancellor's office shall compute the sum of data for that metric from the prior year, the year prior to the prior year, and the year prior to the year prior to the prior year, and divide the sum by three.

(II) For the calculation of the three-year rolling average for the equity component of the student success allocation for the 2020-21 fiscal year, data from the 2018-19 fiscal year, for purposes of subparagraphs (B) and (C), may be used in place of data from the 2019-20 fiscal year.

(B) Each community college district shall receive points for a student who received a fee waiver pursuant to Section 76300 and generated points for any of the metrics described in paragraph (1), based on the three-year rolling average for this metric calculated pursuant to clause (ii) of subparagraph (A). For each student identified pursuant to this subparagraph, the community college district shall receive the number of points equal to the number of points that the community college was granted for that student for each of the metrics described in paragraph (1).

(C) (i) Each community college district shall receive points for a student who received financial aid under the Federal Pell Grant program (20 U.S.C. Sec. 1070a) and generated points for any of the metrics described in paragraph (1), based on the three-year rolling average for this metric calculated pursuant to clause (ii) of subparagraph (A).

(ii) Each community college district shall receive, for each student identified pursuant to clause (i), points for one of the following, with the community college district receiving points based on the outcome that would generate the highest number of points and with the points counted only if the student was enrolled in the community college district in the academic year in which the award was granted:

(I) Four and one-half points for each chancellor's office approved associate degree or approved baccalaureate degree granted, excluding an associate degree for transfer granted pursuant to Article 3 (commencing with Section 66745) of Chapter 9.2 of Part 40 of Division 5, based on the three-year rolling average for this metric calculated pursuant to clause (ii) of subparagraph (A).

(II) Six points for each chancellor's office approved associate for transfer degree granted pursuant to Article 3 (commencing with Section 66745) of Chapter 9.2 of Part 40 of Division 5, based on the three-year rolling average for this metric calculated pursuant to clause (ii) of subparagraph (A).

(3) It is the intent of the Legislature that the annual Budget Act fully fund increases in the student success allocations computed under this section.

(g) To establish a hold harmless protection for community college districts pursuant to the funding allocation established in this section, a minimum funding level for all community college districts shall be computed as follows:

(1) For the 2018-19 and 2019-20 fiscal years, a level of funding to ensure that all community college districts receive at a minimum the total computational revenue the district received in the 2017-18 fiscal year, defined as a district's final entitlement for general purpose

apportionment based on FTES and the number of colleges and comprehensive centers the district operates.

(2) Commencing with the 2020-21 fiscal year, and each year thereafter, community college districts shall receive the higher of (A) the funding level determined by the formula established in this section, or (B) the level of funding determined by multiplying the community college district's new FTES by the associated credit, noncredit, and career development and college preparation rate received by the district in the 2017-18 fiscal year. The level of funding shall be adjusted to include a basic allocation based on the number of colleges and comprehensive centers in the district consistent with the basic allocation rates used in the 2017-18 fiscal year.

(3) (A) From the 2019-20 fiscal year to the 2025-26 fiscal year, inclusive, for the San Francisco Community College District and the Compton Community College District, the rates for computing the hold harmless provisions pursuant to paragraphs (1) and (2) shall be multiplied each year by the cost-of-living adjustment identified in the annual Budget Act and adjusted for increases to FTES. The level of funding for the San Francisco Community College District and the Compton Community College District shall be adjusted to include a basic allocation based on the number of colleges and comprehensive centers in the district consistent with the basic allocation rates used in the 2017-18 fiscal year multiplied by the 2018-19 fiscal year cost-of-living adjustment, and adjusted for changes in the cost-of-living in subsequent annual budget acts. The intent of these adjustments is to provide the San Francisco Community College District and the Compton Community College District with the greater of the amount that would have been calculated pursuant to the requirements of Section 84750.5, as that section read on January 1, 2018, adjusted for annual changes in the cost-of-living adjustment identified in the annual Budget Act and adjusted for increases in FTES, or the amount computed pursuant to the funding formula established in this section.

(B) For purposes of computing the FTES attributable to this paragraph and subdivision (d), for seven fiscal years beginning in the 2017-18 fiscal year, the San Francisco Community College District shall be entitled to restoration of any reduction in apportionment revenue due to decreases in FTES, up to the level of attendance of FTES funded in the 2012-13 fiscal year, if there is a subsequent increase in FTES.

(C) (i) For purposes of computing the FTES attributable to this paragraph and subdivision (d), for seven fiscal years beginning in the fiscal year the Compton Community College District is accredited under the governing authority of the Board of Trustees of the Compton Community College District, the board of governors shall provide allocations to the Compton Community College District in an amount not less than the total amount that the district would receive if the level of attendance of FTES was the same level of attendance as in the 2017-18 fiscal year. The amount shall be adjusted to reflect cost-of-living adjustments, deficits in apportionments, or both, as appropriate for the applicable fiscal years.

(ii) For purposes of computing the FTES attributable to this paragraph and subdivision (d), for seven fiscal years beginning in the fiscal year the Compton Community College District is accredited under the governing authority of the Board of Trustees of the Compton Community College District, the Compton Community College District shall be entitled to restoration of any reduction in apportionment revenue due to decreases in FTES, up to the level of attendance of FTES funded in the 2017-18 fiscal year, if there is a subsequent increase in FTES.

(iii) In computing statewide entitlements to funding based upon the attendance of FTES, the Compton Community College District shall not be credited with more FTES than were actually enrolled and in attendance.

(4) (A) Commencing with the 2020-21 fiscal year, decreases in a community college district's total revenue computed pursuant to the sum of subdivisions (d), (e), and (f), or computed pursuant to this subdivision shall result in the associated reduction beginning in the year following the initial year of decreases, adjusted for changes in the cost-of-living adjustment.

(B) For the 2019-20 fiscal year, a community college district's total revenue computed pursuant to the sum of subdivisions (d), (e), and (f), or computed pursuant to this subdivision shall be no less than its 2017-18 general purpose apportionment funding computed pursuant to Section 84750.5 adjusted for the cost-of-living adjustments for fiscal years 2018-19 and 2019-20.

(h) For the fiscal years 2018-19 to 2023-24, inclusive, each community college district whose increase in 2017-18 general purpose apportionment funding computed pursuant to Section 84750.5, compared to apportionment funding computed pursuant to this section, is less than the year-over-year cost-of-living adjustments applicable to those fiscal years, shall receive discretionary resources in an amount needed to ensure that the community college district receives no less than its 2017-18 general purpose apportionment funding computed pursuant to Section 84750.5 adjusted for annual year-over-year cost-of-living adjustments.

(i) The board of governors shall develop the criteria and standards within the statewide minimum requirements established pursuant to this section.

(j) (1) Except as specifically provided in statute, regulations of the board of governors for determining and allocating the state general apportionment to the community college districts shall not require community college district governing boards to expend the allocated revenues in specified categories of operation.

(2) Except as otherwise provided by statute, current categorical programs providing direct services to students, including extended opportunity programs and services, and disabled student programs and services, shall continue to be funded separately through the annual Budget Act, and shall not be assumed under the budget formula otherwise specified by this section.

(k) It is the intent of the Legislature to allow for changes to the criteria and standards developed pursuant to subdivisions (a) and (h) in order to recognize increased operating costs and to improve instruction.

Any revisions to the budget formula made for the purposes of this subdivision shall be made and reported consistent with the requirements of subdivision (i).

The funds apportioned to a community college district pursuant to this section, and for excess tax districts, the Student Equity and Achievement Program, shall be available to implement the activities required pursuant to this paragraph.

(3) If a community college district is identified as needing further assistance to make progress towards achieving specified goals, the chancellor's office, with the approval from the board of governors, may direct the community college district to use up to 1 percent of the district's apportionments allocation on technical assistance and professional development to support efforts to meet the district's efforts towards their goals.

(4) (A) The chancellor's office shall develop processes to monitor the approval of new awards, certificates, and degree programs. (B) The chancellor's office shall also develop minimum standards, in consultation with the oversight committee established pursuant to Section 84750.41, for the approval of certificates and awards that would count towards the funding formula pursuant to this section.

(C) The board of governors shall include instructions in the audit report required by Section 84040 related to the implementation of the funding formula pursuant to this section. The chancellor may require a community college district to repay any funding associated with an audit exception identified in a community college district's audit report pursuant to this subparagraph.

(5) Notwithstanding Section 10231.5 of the Government Code, on or before October 15, 2019, and each year thereafter, the chancellor's office shall report to the Legislature, consistent with Section 9795 of the Government Code, on the course sections and FTES added at each community college that received apportionment growth funding in the prior fiscal year, including the number of course sections and if any course sections and FTES were added that are within the primary missions of the segment and those that are not within the primary missions of the segment.

(6) (A) On or before July 1, 2022, the chancellor's office shall report to the Legislature and the Department of Finance, consistent with Section 9795 of the Government Code, a description on how community college districts are making progress on advancing the goals outlined in the system's strategic vision plan.

As a condition of receiving direct funding, each community college district shall actively participate in its consortium.

(d) The allocation of funds to a consortium shall be based on a schedule determined by the chancellor's office and is effective for the four years of each plan cycle. (g) A consortium shall allocate funds in accordance with its plan and only to community college districts. Decisions governing, or relating to, the distribution of the consortium's fiscal resources shall be determined exclusively by the community college districts participating in the consortium.

(i) Funds appropriated to community college districts for the program shall supplement, not supplant, existing funding of community

college career technical education programs. This subdivision shall not be interpreted to mean that a participating community college district is prohibited from eliminating or altering existing programs, but the percentage of that community college district's total full-time equivalent students enrolled in career technical education courses relative to the total full-time equivalent students enrolled in the district shall not be reduced from the percentage computed for the 2015-16 fiscal year.

(j) Programs, courses, or instructional materials developed using funding from the program may be made available to all community college districts, as appropriate, through the online clearinghouse of information created as part of the Institutional Effectiveness Partnership Initiative.
